

Hemi Fuel Rails

2005-2009 5.7 & 6.1 Engines

Part # CPR-4005001-C

CPR-Creative Performance Racing introduces the Hemi fuel rail for the 2005-2009 Chrysler 5.7L & 6.1L HEMI engines. When you have the POWER, you will need more fuel. So why not get wicked appearance and performance from your Challenger SRT, Charger, Magnum and 300C by adding a set of CPR HEMI Fuel Rails

Benefit

- The benefit of increased fuel rail volume is equal distribution to all fuel injectors.
- Each fuel rail is made from T-6061 solid billet aluminum.
- Solid billet mounting tabs guarantees strength and longevity.
- These 5/8" fuel rails increases volume and provide you with that "Show and Go" look. No modifications necessary.
- Bright dip anodized clear finish.
- (4) black button head socket caps, (4) washers and (1) 1/8 NPT plug.
- A fuel pressure gauge port is available on the passenger side fuel rail.
